

I-Bar Clearance Bar SERIES

Installation Instructions

In the Box

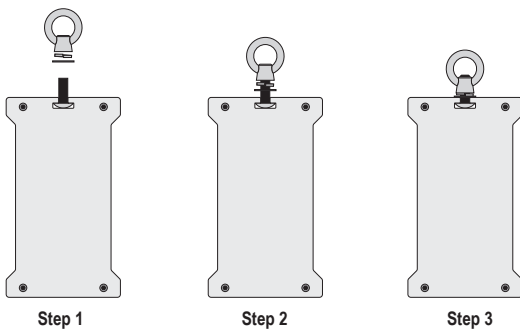

Parts List

- I-Bar Clearance Bar Sign
- (3) EasyGlide Eyebolt Assemblies
- (2) End Caps (Pre-installed at Factory)
- (8) Phillips Head End Cap Screws (Pre-installed at Factory)

Initial Assembly & Mounting

Initial Assembly

- Locate parts bag inside packaging box
- Step 1** • Place Carriage Bolt into EasyGlide Channel
- Step 2** • Loosely assemble eyebolt so it can still slide in channel
- Step 3** • Tighten the first eyebolt in the desired location by turning eyebolt
- Measure distance from the end of sign to the first eyebolt
 - Repeat with the second eyebolt, measuring to match the first
- Attach chains to appropriate ceiling fasteners (not included)
