**I-Bar Clearance Bar SERIES**  
**Installation Instructions**

### In the Box

**Parts List**

- I-Bar Clearance Bar Sign
- (3) EasyGlide Eyebolt Assemblies
- (2) End Caps (Pre-installed at Factory)
- (8) Phillips Head End Cap Screws (Pre-installed at Factory)

### Initial Assembly & Mounting

**Initial Assembly**

1. Locate parts bag inside packaging box
2. Place Carriage Bolt into EasyGlide Channel
3. Loosely assemble eyebolt so it can still slide in channel
4. Tighten the first eyebolt in the desired location by turning eyebolt
   - Measure distance from the end of sign to the first eyebolt
   - Repeat with the second eyebolt, measuring to match the first
5. Attach chains to appropriate ceiling fasteners (not included)
