# SNS Series Illuminated Street Name Signs

Six Standard Sizes to choose from  
Engineered & Assembled in the USA

Outdoor illuminated signs with an aluminum cabinet, edge-lit with cool white LED modules. The sign message is formed by a translucent printed face with a

## Twelve Available Sizes

Street Name Signs are available in three lengths, two heights and either double faced or single faced.

18"h x 72"w x 5.187"d  
51 lbs.

24"h x 72"w x 5.187"d  
56 lbs.

18"h x 96"w x 5.187"d  
65 lbs.

24"h x 96"w x 5.187"d  
74 lbs.

18"h x 120"w x 5.187"d  
80 lbs

24"h x 120"w x 5.187"d  
90 lbs.

## Visual/Illumination

- **Message Face:** Protective 0.125" clear, UV-resistant, impact-modified acrylic panel  
Message illuminates when on and remains visible when off
  - *See Physical/Environmental for face construction*
- **Graphics:** Full-color printed; message visible without illumination during the day; Printed on translucent, retroreflective sheeting applied on inside surface of face panel
- **Standard Color:** PMS342 Green, PMS294 Blue and PMS469 Brown;
  - *Other colors available upon request*
- **Standard Font:** Highway Gothic FHWA Series C or D;
  - *Other fonts available upon request*
- Edge-lit with cool white LED modules for uniform lighting and contrast
- **Minimum Brightness:** 105 nits (cd/m<sup>2</sup>);
  - *Units less than 24" tall will appear brighter*

### LED Color

(Typ.  $\lambda$ /Temp)

K – White LED temp in Kelvins

White

5500K - 6500K Nominal

# Signal-Tech

877-547-9900

# Specifications

## Cabinet Construction Features

prismatic, retroreflective sheeting applied that illuminates when activated and remains viewable when deactivated.

## Electrical

- **Input voltage:** 100-277VAC
- **Control:** Controlled by external traffic/lighting controller
  - *Optional built-in photocell available*
- **Nominal Power:**
  - 72" long cabinet - 36 Watts
  - 96" long cabinet - 48 Watts
  - 120" long cabinet - 60 Watts
- **External Power Connection:** Cable on side, 3ft long with a 90° elbow and internal strain relief collar; 14AWG, 3-Conductor wire with gray PVC jacket
  - *Junction box not included*

## Warranty

- Five Years

## Compliance

- Build America, Buy America (BABA)

## Engineered & Assembled

- USA

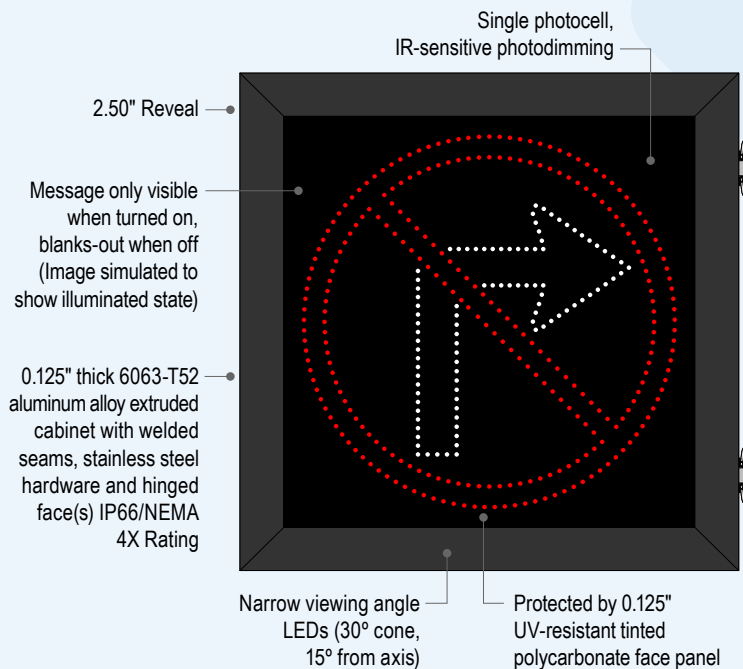

## Physical/Environmental

- **IP/NEMA Rating:** Meets IP55/NEMA 3RX standards; All in-field modifications/conduit entry points must be properly sealed
- **Temperature & Humidity:** -40°F to +165°F; 0% to 99% [non-condensing]
- **Face Material:** UV-resistant, 0.125" thick, impact-modified acrylic panel
- **Cabinet Construction:** 0.090" thick 6063-T52 aluminum alloy extruded cabinet, stainless steel hardware and hinged face(s)
- **Cabinet Finish:** Low-gloss Black
  - *Other colors available upon request*
- **Cabinet Depth:** Single or Double-faced 5.187" deep
- **Cabinet Height:** 18" or 24"  
**Visual Opening Height:** 16" or 22"
- **Cabinet Width:** 72" [6ft], 96" [8ft], or 120" [10ft]  
**Visual Opening Width:** 70", 94", or 118"
- **Cabinet Weight Per Ft<sup>2</sup>:** 4.5 - 6.5 lbs. Single or Double-Faced
  - *See individual product sheets for exact weight*
- **Mounting Interface:** Optional 0.1875" thick, 3003-H14 aluminum brackets with tri-stud mounting pattern
  - *Other Surface-mounting brackets for single-sided signs available upon request*

# NEMA 4X DOT Series *Direct-view, Blank-Out*

## Illuminated View

## Visual/Illumination

- **LED Drive Current:** 15mA per string; String length varies per color
- **Automatic Photodimming:** Single photocell, IR-Sensitive, gradual brightness adjustment
  - *Optional Redundant photocells*
- **Message Flashing:** Adjusting speed/pattern, set from factory; OFF by default
- **Message Face:** Black message board protected by tinted, matte (glare-reducing) window; Message illuminates when on and blanks-out (disappears) when off
  - *See Physical/Environmental for face construction*
- **LED Viewing Angle:** Narrow 30° cone (15° from center axis)
  - *Optional wide-angle 120° cone*

	LED Colors (Typ. $\lambda$ /Temp) <i>nm</i> – Wavelength in nanometers <i>K</i> – White LED temp in Kelvins	Narrow LED Viewing Angle (Typ. mcd) 30° Cone	Wide LED Viewing Angle (Typ. mcd) 120° Cone

## Frame Detail

## Internal View

Outdoor/indoor blank-out signs with an IP66/NEMA 4X cabinet, narrow angle LEDs and contrasting black face. The sign message is formed by visible LEDs that illuminate when activated and blank-out when deactivated.

## Electrical

- **Input voltage:** 100-240VAC
  - *Optional 9-24VDC*
- **Control:** Switch or external relay
- **Number of Inputs:** One input (Line or +) per message, one common (Neutral or -), one Earth Ground
- **Input Connection Type:** Stripped end, 18AWG wire;
  - *Optional tool-actuated terminal blocks (DIN Rail), Lever-actuated terminals (DIN Rail)*
- **Load Type:** Capacitive; component in a system designed to control resistive loads (e.g., an incandescent lamp) may not be suitable
- **Power Efficiency:** 81% (@120VAC, 50% rated load); power supply shall not be loaded beyond its rated safe operating area
- **Surge Protection:** None;
  - *Optional DIN Rail mounted surge protectors available*
- **Power Supply Configuration:** Non-redundant;
  - *Optional Redundant power supplies available*

## Warranty

- Five Years

## Compliance

- UL/cUL Listed for wet locations
- Build America, Buy America (BABA)

## Engineered & Assembled

- USA

## Physical/Environmental

- **IP/NEMA Rating:** Meets IP66/NEMA 4X standards; All in-field modifications/conduit entry points must be properly sealed
- **Temperature & Humidity:** -40°F to +165°F; 0% to 99% [non-condensing]
- **Face Material:** UV-resistant, 0.125" thick, tinted, matte, impact-modified acrylic panel
- **Cabinet Construction:** 0.125" thick 6063-T52 aluminum alloy extruded with welded seams, stainless steel hardware and hinged face(s) All exterior seams shall be continuous MIG welded to form a single structure The hinged face(s) shall be attached to cabinet using a full-length extruded hinge The cabinet face is flanged on all sides to shed water The door closes around its flanged frame and is compressed against a closed-cell silicone gasket using lockable toolless latches
- **Cabinet Finish:** Powder Coated Black
  - *Other colors available upon request*
- **Cabinet Depth:** Single-faced 6.50" deep
- **Cabinet Interior:** Conformal coated circuit board, NEMA 4X breather drain (for atmospheric pressure equalization), sealed/closed-end fasteners used for all bolt-on mounting
- **Mounting:** Two horizontal rows of M8x1.25 sealed Rivnuts; Rows are centered and spaced apart  $\frac{2}{3}$ x the sign's height (spacing, quantity, and number of rows may vary)
  - *Optional mounting includes: Rivnut array; C-Channel (bolt-on); Mounting tabs; SkyBracket mast arm mount (vertical or horizontal); SkyBracket top/bottom elbow mount (with locking, serrated ring); Integrated locking, serrated ring (top and bottom)*

# NEMA 3RX STR Series *Blank-Out, Direct-View*

# We do **MORE** than you think...

Let us manufacture a sign that meets **your** unique requirements.

Personalize **your** design with customized selections:

- Message wording, color, and font style
- Illumination style – direct-view or backlit
- Custom paint color and finish – including PMS color matching
- Full-color graphics and symbols, including PMS color matching for logo branding

Optional Accessories:

- Beacon strobe
- Piezo alarm
- Flasher
- Mounting Brackets
- Switches

## **All Signal-Tech Transportation & Rail Products Meet Requirements for, Build America, Buy America (BABA)**

BABA Mandates that federal infrastructure projects use materials and goods produced in the U.S. The policy seeks to bolster domestic manufacturing, create jobs, and strengthen the national economy by prioritizing American-made products and suppliers, ensuring taxpayer dollars support U.S. businesses.
